Lucky Catch is classic rock & roll dance band that makes you want to get and move your feet.

We are 6 professional musicians with a sound man (to make the sound perfect) for a total of 7.

We've been together since November of last year and have been playing private parties through 2023. Josie, our lead singer, is great at engaging and captivating a crowd with a powerhouse voice that demands attention. Our most notable gig was playing the final night of the Jeffco Summer Series at Clement Park for a crowd of over 2,000!

Testimonial

St. Francis Cabrini Parish in Littleton held our Fall Festival Dance which featured "Lucky Catch".

The dance was well attended, and everyone was moving and grooving to the great sounds and variety of "Lucky Catch".

There wasn't a single set where the dance floor wasn't full. Everyone thoroughly enjoyed the music and song choices.

There were many comments that they haven't had such fun in a while and look forward to many more events in the future with Lucky Catch as the band of choice.
